LOCAL AND GENERAL

Good afternoon.

The plasters started work in the new school this week.

Geo. Stratton was a business visitor in Calgary Tuesday.

Wanted—House to rent at once. Apply at Chronicle office.

Miss Lillian Bishop has accepted a position in the Chronicle office.

McKay Bros. added two carloads of implements to their stock this week.

Mr. Cummings, of the Carstairs Journal, was a friendly caller at this office on Monday.

Born—To Mr. and Mrs. E. Wegener, at Crossfield, on Friday, April 7th, a daughter.

Ed. Johns is again employed at his old position in the bar at the Alberta Hotel.

Mr. Donald Gillies, Inspector of Hotels of Olds, was a visitor in Crossfield yesterday.

E. H. Morrow, of Calgary, has been in Crossfield several times this week on business.

The Murton Realty Co. had a phone installed in their new office this week. Their number is 21.

Messrs. McKay, Murray and Wicks made a flying trip across the Red Deer in the auto this week.

Geo. Byer has handed in his resignation as village constable, which will take effect the first of next month.

W. N. Tompkins purchased a number of good horses this week, and shipped seven of them to Edmonton.

A. W. Lee, formerly the hotel proprietor here, but now of Alist, was in town renewing acquaintances Wednesday and Thursday.

The Prize List for the Fair is now in the hands of the Chronicle Job Department, and will be ready for distribution in a few days.

Stewart McDonald and family leave on Monday next for Nanton, Alberta, where Mr. McDonald has been appointed Forest Fire Warden.

Mr. Walker, of Beaver Dam, expects a car load of pure-bred Shire horses to arrive from the Old Country about the first of June next.

C. Larsen, of Parkerton, S. D., arrived in town on Tuesday with a car load of settlers' effects and will reside on his farm 12 miles west of Crossfield.

John Morrison has returned from Calgary after spending two weeks in the Holy Cross Hospital, where he successfully underwent an operation for Goitre.

H. Latham Collins, of the Calgary Herald, was in town this week in connection with the Diamond Ring Contest that the Herald is holding here. The Misses Parker, Anderson and Francis are the contestants. We wish them all luck.

We heard of a horse, saddle, saddle blanket and bridle being sold in Cochrane for \$35 the other day. Bargains like this seem to keep away from Crossfield, but the horse was lame so what could you expect? The man who owned the horse got \$15 worth of jewelry into the bargain.

ECZEMA AND WHAT IS DONE TO CURE IT

Desperate Efforts, Disheartening Failures and Final Success.

"*Ecze*ma is a skin affliction to which men and women alike are subject, from the first to the last day of their existence. It may occur at any age, appear suddenly and disappear, and with each change in general health or present only in certain seasons; at the other extreme, the whole body may be covered with it, and it may last.

The latter condition may gradually arise through the neglect or improper treatment of lesser trouble, or an apparently healthy skin may, in a short time, become a mass of misery.

But whatever the form of the affection, the distressing itching, burning, scaling and crusting, the serious disfigurement and the constant irritation of the skin, with its chronic, make a speedy cure the aim of every sufferer. Unfortunately, no cure is now known to medical science.

The wide variety of remedies are resorted to, many perfectly harmless and especially useful, but failing to meet to every sense that were fit not for the relief they are supposed to afford, no person of real knowledge can be expected to believe.

To such sufferers, discouraged by repeated failures of even these heroic methods, the author of this article has given a simple "Cure" for "Cure" soap and gentle application of "Cure" Liniment is almost incredible. They stop the irritation, relieve the skin, and cause it to sleep possible and, in most cases, point to a speedy cure. I have used "Cure" soap and "Cure" Liniment, and found every substance of a disagreeable or harmful nature that I have ever used, to be of no avail.

After the first bath with "Cure" soap and application of "Cure" Liniment I enjoyed the most perfect health for a week.

I also used "Cure" Liniment and the treatment was continued for three weeks.

At the close of this time, all the symptoms have failed in 113 effects like this. I would advise any person suffering from any form of skin trouble to use the "Cure" Liniment, and know what they did for me."

"Cure" soap, "Cure" Liniment, "Cure" soap and "Cure" Liniment everywhere. Post Office, 10c. a box, on request, send 10cage. "Cure" Liniment, 10c. a box, for the special and normal treatment of skin and scalp affection, from infancy to age.

Cold Upsets the Kidneys

And uric Acid Poisons Bring Pains and Aches to Back and Limbs.

DR. CHASE'S

KIDNEY-LIVER PILLS

You feel pains in the back and the urine heavy and unduly colored; have indigestion and irregularity of the bowels and there may be rheumatism in the joints.

You wonder what has gone wrong until you recollect that you have been exposed to sudden changes of temperature, perhaps sitting in a draft or passing from a very warm room to be chilled by the outdoor air.

The kidneys are most susceptible to cold and a sudden lowering of temperature throws an extra burden on them by closing the pores of the skin which are ordinarily a great aid to the kidneys in removing poisons from the blood.

The danger lies in not understanding the meaning of these symptoms in the first instance. Once you know that the kidneys need assistance you can help them promptly by using Dr. Chase's Kidney Pill.

Every day you put off treatment you are risking the risk of developing Bright's Disease, dropsy or rheumatism.

Because of the action of the failing kidneys your system is being loaded with poisonous impurities, and that means pains and suffering.

Get Dr. Chase's Kidney-Liver Pills today. One pill a dose; 25 cents a box, all dealers or Edmonson, Bates & Co., Toronto.

Strong soaps and water in which there is washing soda is fatal to china or glassware decorated in gilt.

A Thorough Pill—To clear the stomach and cleanse the body of all irritants is necessary when their action is irregular. The pill that will do this is the "Cure" soap and "Cure" Liniment Pill, which are mild in action but powerful in effect, and cleanse, purify and effectively, and work a permanent and lasting kidneymal. At least there are no painful effects preceding their operation.

A GOOD MEDICINE FOR THE SPRING

DO NOT USE HARSH PURGATIVES ---A Tonic is All You Need.

Not exactly sick-cut and feeling well. That's the way most people feel in the spring. Easily tired, appetite fickle, sometimes headache and a feeling of depression. People with skin trouble appear in the skin, or there may be twinges of rheumatism or neuralgia. Any of these indicate that the blood is out of the system. The indoor life of the house has let its mark upon you and may easily develop into more serious trouble.

Don't let yourself with purgatives as so many people do in the hope that you can put your blood right. Purgatives gallop through the system and weaken instead of giving strength. Your doctor will tell you this is true.

What you need in the spring is a tonic that will make new blood and build up the nerves.

Dr. Williams' Pink Pill is a medicine that can do this speedily, safely and surely.

Every dose of this medicine helps to make new blood, which gives you a good appetite, a good appetite, and makes tired, depressed women, and children bright, active and strong. Mr. B. Martin, Deux Rives, Que., said: "After a year ago I was all run down. I was pale, weak, and had but little appetite. I also suffered from a severe pain in the heart, which nothing would do. Medicines nothing helped me until I began the use of Dr. Williams' Pink Pill, and these soon fully restored my health, and can strongly recommend the same pills to every weak person."

Sold in all medicine dealers or by mail at 50 cents a box, or 25c a dose, for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

U.S. FOR RECIPROCITY

AGREEMENT IS SUPPORTED BY A BIG MAJORITY

The Reciprocity Agreement Passed by a Vote of 265 to 89—Agreement Was Opposed by a Majority of the Republicans, but Was Supported by Almost Solid Democratic Vote.

Washington, D. C.—President Taft's Committee on Reciprocity, agreed to submit the bill but a handful of Democrats and opposed by a majority of the Republicans, passed the house of representatives by a vote of 265 to 89. With nearly 300 Democrats in control and their action endorsed by a large body of the Republicans, the bill to put the agreement in force was adopted without amendment in almost the identical form in which it passed the house in the last session preceding this session.

The bill was to take effect between President Taft and the members of the Canadian cabinet for a reduction of 10 per cent on manufac- tures and free trade in many others across the Canadian border. Added to it by the Democratic leaders is a section which "protects and respects" President Taft to make further efforts to secure still free trade relations with Canada in the form of additional reciprocity.

The passage of the bill marked the close of a fight that had raged in the house for six days. During that time the bill, which many believed was time threatened, but the Democratic and Republican leaders working for its passage conceded all the opportunity to have it opposed for debate and protest against it. Following the same policy, amendments were admitted in the house for almost every section of the bill, but in each case they were rejected by an overwhelming vote, given by the friends of the measure on both sides of the house, so that any amendment would fail.

Ten Democrats voted agains the bill on passage, while 197 Democrats voted for it.

As in the last congress, a majority of the Republicans were against it, a party vote being 67 for and 78 against.

Representative Berger, of Wisconsin, the Socialist member, voted for it, and Representative Atkins, of New York, who ranks as an independent, voted against it.

The section of the bill relating to the free admission of pulp and paper provoked the sharpest opposition, drawn from Representative Mann, of Illinois, the Republican leader, the statement that it was exactly in the terms agreed upon by the two countries.

Former Speaker Cannon bitterly attacked this section of the bill.

"Let's bring the bill down here and submit it to the halls of congress to them," exclaimed Mr. Cannon.

Representative Longworth, of Ohio, pointed out that any reduction of duties in the bill in the free list amendments would violate the relations between the United States and all other countries, which would give Canada a social preference in the American markets.

"I challenge the statement that we are going to pass the free list on the bill, and that the bill will not be come law," said Democratic Leader Underwood, in reply to statements from the Republican opponents of the reciprocity bill. "The free list bill will become a law, or the Republican president who votes it never will break from again."

Wireless on Lakes

Pori, Arthur, Ont.—Arrangements were completed for Pori Arthur to receive 10 wireless sets. Plains telephone, principal owner of the Northern Navigation company, and S. Guy Ashe, local manager, for the McTavish Telegraph company for the installation of wireless equipment on all the boats of the Northern Navigation company. This work will be started at the earliest opportunity, and it is expected that the boats will be fully equipped shortly after commencement of the season, being the first Canadian boats on the great lakes with wireless equipment.

New Train from Toronto to Winnipeg

Toronto.—A train will be put on the C. P. R. between Toronto and Saint Boniface, leaving the Union station at 9 o'clock every night. It is intended to relieve the overcrowding on the Winnipeg train from Toronto.

Sir Thomas Shaughnessy's rumored intention of running the Toronto-Winnipeg express through to the coast will evidently not be put into effect at present.

Coming West in the Best Shape

Winnipeg.—Fifty-five students from Queen's University, Kingston, have arrived in Winnipeg seeking occupations for the summer holidays. Students from other eastern institutions are expected to follow. Most of them have already have secured positions as teachers in western schools for the summer. Some of them travelled in Pullmans.

Australia Will Shortly Build Warships

Melbourne.—The Government of the Commonwealth is forthwith establishing shipyards and docks in the town. They will be large enough eventually to handle warship contracts.

RALPH CONNOR TO ARBITRATE

He Has Always Been Successful in Previous Efforts to Make

Ottawa.—Mackenzie King, minister of labor, has received a joint telegram from the representatives of the parties concerned in the existing dispute in the coal fields of British Columbia and Alberta, stating that they had met and agreed on asking him to name a chairman of the board of commissioners to inquire into the coal miners' strike.

The minister accordingly telephoned Rev. Dr. C. W. Gordon, of Winnipeg, popularly known as "the Conqueror," appointing him chairman of the board in question. Dr. Gordon has been chosen because he has acted as chairman of one or other committee of arbitration in previous strikes to both employers and employees, in particular that of Winnipeg two years ago at the time of the miners' strike, in which he was successful in bringing about an agreement between the parties.

The minister expressed the hope that owing to Dr. Gordon's well-known qualities for fair play and square dealing and his broad public sympathies, the termination of the strike would be brought about.

LONDON POST IS ALARMED

Thinks That We Should Have Battleships in the Lakes—U. S. Very

LONDON.—The Morning Post in an editorial on the work of the coming conference suggests that the committee on imperial defence take the opportunity to discuss the question of American naval menace on the Great Lakes. The Post declares that it does not matter that these vessels are not yet in existence, as there is a present and a standing menace to Canadian independence. It would be better from a British standpoint to leave the treaty if they do not wish to abide by its terms.

Finally, The Post pronounces the postponement of the Lord Mayor's meeting in support of the arbitration treaty until the American government has given an earnest of its good faith in fulfilling the terms of the Great Lakes in accordance with the existing peace treaty.

St. C. N. R. Land Sale

WINNIPEG.—Particulars of the latest sale of Canadian Northern lands that has been made this year and the largest ever made in Canada have just been given out. An area of 1,000,000 acres is purchased for cash several blocks in the vicinity of McLeod, Tidmarsh, Lake Lenore and Wadena, in about 125,000 acres. The quality of the land is first class and the price is approximately \$1,800 per acre.

It is the first investment made by the syndicate of western Canadas and the first party of British settlers who will help to occupy these farms is to be on the way to the new lands in about 1,000 acres in Swan River district in Manitoba to parties of American investors is also reported by Davidson & McKee, general agents here.

More Protection From Accidents

Ottawa, Ont.—Two important railroads affecting the operation of railroads and protection of railroad employees, which will be considered by the railway commission at its sitting in Ottawa on May 2.

They are the nature of two general recommendations to the railroads to their falling off tenders of locomotives. There have been a number of such cases in late years and some means of protection will probably be had.

The other question is concerning the protection of main track switches and the adhesion of adequate block systems by the roads. The evidence of a general nature will be heard concerning both.

Immigration to Western Canada

Winnipeg, Man.—Interviewed, Bruce Palmer, Dominion statistician, made a prediction that the number of immigrants to Alberta, the Saskatchewan and British Columbia this year would total 175,000. This prediction is based on the number of persons for whom increase is allowed pro rata to the number already landed in the west, compared with the corresponding period of 1916.

Six Trains a Week

Calgary.—Six-night train service to Edmonton will commence on May 20. From Strathcona south, there will be no train from Calgary north on Saturday night, but there will be one on Sunday night.

On Monday morning, at 1 o'clock, the first train leaves Calgary for the north, and the first train leaves Strathcona on Tuesday morning at 1 o'clock.

Mormons Want Investigation

Salt Lake City, Utah.—At one time in the history of the Mormon church it has started a movement to secure a public investigation of the charges made in England that the Mormons are encouraging immigration of women for immoral purposes. Gov. Spry also has suggested a civil inquiry.

Much Money in Aviation Meets

New York.—Seven aviation clubs will hold meets this year, the total prize money amounting to one and a quarter million dollars.

POINTERS FOR CANADA

WILL SUPPLY INFORMATION TO THE DOMINION

Say It Will be Futile if Sir Wilfrid Laurier is Unable to Be Present

OTTAWA.—A responsible minister to travel through Dominion and Overseas, is urged in British House of Commons—Hon. Lewis Harcourt makes important statement Regarding Foreign Policy.

London.—In the common Hon. W. E. Gurnett said: "This is the opinion that the discussion of the international situation should be added to the programme of the imperial conference, and arranged the appointment of a responsible minister to travel through the Dominion and overseas. He also suggested that each of the dominions should have a minister of foreign affairs. If the foreign minister had been in closer touch with the dominions they might have been in a position to prevent consultation on the formation of London. The dominions are now finding themselves in touch on many points with foreign nations. Some are providing their own navies, and in the case of Canada there are an inclination to stand more on their own. Unless they can be called on matters of foreign policy, some differences of opinion might arise."

Hon. W. Ormby Gore seconded the motion, adding the necessity of having a clear and definite line for the purpose of what was before the conference discussed. The motion of Australia was supported and arranged the appointment of a responsible minister to the naval policy.

Mr. Alfred Lyttelton asked whether the undersecretary would be present, and the foreign secretary would meet the representatives of the dominions to explain the lines of the foreign policy.

Mr. Hon. Lewis Harcourt said: "I have always intended to take them into consultation. We shall have no consultation, but the useful knowledge which may be of service to them in the great service they have to perform shall be available to the foreign secretary, and I must warn the house that we cannot be liable when we are asked what information we have been given on subjects which have always been of interest to the dominions to summon these prime ministers to the meeting, or meetings of the committee on imperial defence, so that the prime minister, and any ministers, including myself, are members, will meet in secrecy and will be able to do what they have to do."

He is the twelfth baronet. The birth certificate he exhibits, shows he was born in 1869. Other papers disclose he is a member of the army, having served in India and Burma.

He is no longer the drinking royster fellow he once was, but he is a quiet man who is fond of his wife, and fond of helping his fellowmen.

Previous to accepting the juniorship, the baronet was for three years a rough and tumble fellow, a rowdy, a ruffian, and a drunkard, but he has negotiated a marriage through a broker, and he will be a Wintonshire heroress, and a member of the royal family.

He is still arranging with the parents of the young woman to give him \$500,000 when negotiations were completed.

United States and Mexico

Washington.—There are 70,000 American citizens scattered throughout Mexico, the majority of them are living in small mining settlements in sparsely settled districts away from the principal cities. The Mexican government which would inflame public sentiment in Mexico would seriously endanger the lives and property of these Americans. This is in brief the real situation which President Taft and the national administration face. It is no time for jingoes.

The government of Great Britain has endeavored to secure all the information which they require, not only in the United Kingdom and Ireland but also so far as possible on the continent of Europe.

Certain Destruction of French Column

Paris.—A despatch to the Matin from Tarragona says that the situation of Captain Daudet, French despatcher in a letter to a friend, Dr. Daudet, on Sunday says: "It is not an affair, but a despatch."

Another officer wrote, giving his friends last instructions regarding the disposition of his affairs. He says he has had a miracle happen to him unless a miracle happens he considers himself lost.

Naval Contingent for Coronation

Ottawa.—The naval branch has decided to send a Canadian naval contingent of 32 men, to attend the coronation of King George. All the contingents but two officers and one pilot are to be Canadian.

This party of 32 will find spheres of missionary labor among the settler's of Saskatchewan and Manitoba. This party is the first of several to be sent out this spring and summer.

Missions for West

London, Ont.—For the first time in the history of the Mormon church it has started a movement to secure a public investigation of the charges made in England that the Mormons are encouraging immigration of women for immoral purposes. Gov. Spry also has suggested a civil inquiry.

Wireless in Manitoba

Swan River, Man.—Winter wheat planted last August has wintered well. This is the only winter wheat district in Manitoba.

THE IMPERIAL CONFERENCE

Say It Will be Futile if Sir Wilfrid Laurier is Unable to Be Present

London.—The Standard says: "If as is feared, Sir Wilfrid Laurier is unable to be present at the imperial conference, a considerable obstacle to the success of the gathering will be set up." The conference will probably have very important results. Up to now the foreign policy of the dominions has been that of Great Britain. Our colonial governments have been content to occupy themselves domestically, and to seek good will from their efforts directed that they are beginning to find themselves with weight enough and time enough to stand forth as independent nations, seeking their own place in the world.

London.—In the common Hon. W. E. Gurnett said: "This is the opinion that the discussion of the international situation should be added to the programme of the imperial conference, and arranged the appointment of a responsible minister to travel through the Dominion and overseas. DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Canifton, Ont.—"I had been a great sufferer for five years. One doctor told me I was suffering of a tumor, and another told me it was a fibroid tumor. No one knows what a fibroid tumor would always be worse at certain periods, and it would be a bearing-down pain—terrible, bed, and the doctor told me I would have to have an operation. I was told that I might die during the operation. I wrote to my sister about it and she suggested I take Lydia E. Pinkham's Vegetable Compound. Through personal friends, I have found it the best medicine in the world. It is remarkable for it has cured me, and I did not have to have the operation after all. The compound helped me while I was suffering through Cholera, Lister's Disease, and Mrs. LETTITA BLAINE, Canifton, Ontario.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, proves to be the most successful remedy for curing the most difficult of female ills, including recurrent fevers, inflammation, fibroid tumors, irregular periods, rheumatism, backache, bearing-down feeling, flatulence, constipation, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to suffering women.

"Don't you wish you were a man?" "No, indeed! It would not enhance my style of beauty to plant a cigar in the southeast corner of my face."

BABIES WHO SUFFER FROM CONSTIPATION

The little ones who suffer from constipation, colic, indigestion, or diarrhea, will find relief in the Baby's Own Tablets, a medicine that is guaranteed absolutely safe and free from all injurious drugs—indeed the only tablets of their kind that can give a guarantee of a government analyst to contain no opiate, narcotic or other "soothing" stuff. Concerning the Baby's Own Tablets, Mrs. Julie Station, Quie, writes: "It is a pleasure for me to let you know what your Baby's Own Tablets have done for my baby. My baby suffered terribly from constipation and although we had a doctor there was no change in his condition till I began to use his Baby's Own Tablets. I am sure that since then he is enjoying good health." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

LOCALS

The Canadian Pacific Railway announced that the night train will run daily between Calgary and Strathcona commencing May 1st.

J. Murton, of the Deering implement company at Castrola, was visiting his brother, Geo. Murton, of the Murton Realty Co. Wednesday.

The Chronicle had a phone installed this week. If you have any news now you can phone them to us. And remember that a phone for your work will be promptly attended to. Our phone is 22.

Thus, Fitzgerald sold a half section six miles east of town on Wednesday to a gentleman from Indiana. We understand that the consideration was \$25.00 per acre. W. M. Johnson, of Calgary put through the deal.

We wish to warn the parents of Crossfield that children should be kept away from the fire engines when the brigade is out for practice as well as at the time of fire, for should one of the small boys fall in front of one of these heavy engines when they are in action it would almost be sure to mean certain death for the child. Those in authority of the brigade have intimated that children will not allow in the way of the firemen, and it will be easier for parents to tell them to keep out of the way than for the chief or captains.

The Board of Trade Ball

The ball given by the Board of Trade in the I.O.O.F. Hall on last Friday was one of the most notable functions of the season, being very well attended by the people of Crossfield and district.

The supper served by the ladies of the town is especially deserving of mention, and the music provided by the Crossfield Orchestra was also highly appreciated.

Several who were present say that this was the best ball that has ever been held in the hall, and this speaks in better terms than anything we could say.

I. O. O. F. Anniversary

The 25th Anniversary of the institution of the I. O. O. F. was celebrated by the members of Crossfield Lodge No. 42, on Sunday April 23rd, when they attended Divine Service in a body.

About thirty five gathered at the Lodge room, and marched to the Methodist Church, where the Rev. W. A. Smith, gave a very eloquent address, taking as the foundation of his remarks, the three mottoes of the Order "Friendship, Love and Truth." He contended that Friendship was a trait ever prominent in the life of Christ, God is Love and Christ was the Truth. He was in entire sympathy with the mottoes of the Order for they were what Christ sought to do throughout his life. Special music had been prepared, and the services had been greatly appreciated by the large congregation assembled.
